Tangaroa

**2021 House
Champions**

Tangaroa is the 'god of the sea.'
Māori believe that water is an
energy, with many moods. It
can be calm and life-giving, or
dangerous and destructive. This
energy is called Tangaroa – 'god
of the sea.'

Social Sciences + Business Studies Features

Koorero a te Tumuaki **The Principal speaks:**

Kia ora koutou katoa!

This is the last e-Bulletin before the Winter (July) school holidays! It has been a very busy Term 2 for us all and also a trying time, as we cope with COVID-19 and the Flu which is sweeping through our communities.

I want to take this opportunity to recognise the teaching and non-teaching staff of Tuakau College. Miharo kia a koe! Over this last term the College has managed to cope with the flu and COVID-19 very well and remain open for all students. What this has come down to is the resilience and tenacity of the staff, as they continue to support their colleagues and students on a day-by-day basis as they teach their classes, as well as relieve in other classes.

Their contribution to the student's education cannot be underestimated. Thank you! Ngā mihi nui ngā Kaiako, ko ngā kaiawhina, ko ngā kaimahi. The students have benefited immensely by continuing to run a normal timetable and programme.

Mānawatia a Matariki. The whole of Aotearoa celebrated the Māori New Year, Matariki, on Friday 24 June, 2022. The Matariki star constellation (Pleiades) rises in the Northeast at this time of the year and represents the beginning of the Māori New Year.

CONTINUED INSIDE. . .

Koorero a te Tumuaki Haere tonu The Principal speaks continued:

Matariki stands for Ngā Mata o te Ariki (Eyes of God). The nine stars are:

1. Matariki – signifies reflection, hope and our connection to the environment
2. Pōhutukawa – connects with those who have passed on
3. Waitī – ties to bodies of fresh water and the food within it
4. Waitā – ties to the ocean and the food within it
5. Waipuna-ā-rangi – associated with the rain
6. Tupuānuku – is for food that grows within the soil
7. Tupuārangi – is for food that grows up in the trees
8. Ururangi – is the star associated with the winds
9. Hiwa-i-te-rangi – the youngest, is the wishing star that also ties into our aspirations for the coming year

It was heart-warming to see the celebration of this significant day across the motu (country). Matariki is significant to all of us as New Zealanders. For us as a school, and as individuals, it is a great time to reflect on what has happened in the past year and what we are going to do in the next year. Kia pai te tau.

On Thursday 7 July we are going to have our Matariki celebration of Māori student achievement at Ngā tai e Rua - please see the notice in this e-Bulletin regarding this.

I want to wish all students and their whānau a happy holiday and we look forward to everyone returning to Term 3 ready to go. Term 3 will be a 'make or break' term for all the senior students who are wanting to achieve the very best they can.

Have a relaxing break, but come back to school ready to do all the hard mahi required to achieve your goals!

Chris Betty

'Attitude' programme talks for students 2022

Ko nga korero mo te kaupapa 'Waiaro' mo nga tauira 2022

On Tuesday 28 June all of our students, in Year level groups, heard an 'Attitude' programme talk. The dream of 'Attitude' is that every young person in Aotearoa would know that they are valued and be inspired to pursue a flourishing life. Our Year 7 students heard about 'Friendship Factor,' our Year 8 students heard about 'Tackling Technology,' our Year 9 students heard about 'Hauora,' our Year 10 students heard about 'Hardwired,' our Year 11 students heard about 'Attitude' and our Year 12 and 13 students heard about 'Relationships with Attitude/The Pits.'

**Pictured: Year 10 students
at their 'Hardwired' talk.**

Blessing of newly refurbished Admin Block

Te manaakitanga o te Poraka Kaiwhakahaere hou kua whakahoutia

On Wednesday 29 June we had the blessing of our newly refurbished Administration Block. We also blessed and paid respects to the newly completed carving(located at the new front door) dedicated to Whaea Jacque Hema. Thank you to the carver, Uenuku Hawira, for the re-modelling of the carving and the placement at the front entrance. Thank you to the kaumatua, local community, staff and students for their support and attendance at the blessing.

After months of hard work from Pukekohe Builders, architects and other contractors, the Administration Block is almost ready to be utilised again. Official use of the spaces will be from Monday 25 July, the beginning of Term 3. The Senior Leadership team, administration staff, Accounts Office staff and School Nurse (Health Centre) will slowly move back into this area over the next month. The Student Centre and Deans will remain where they are currently located, so all parents/caregivers will still go to the current Student Centre.

"Hapaita te ara tika pumau
ai te rangatiratanga mo
nga uri whakatipu."

"Foster the pathway of
knowledge to strength,
independence and growth
for future generations."

Samoan Language Week Celebration 2022

Whakanuia te Wiki o te Reo Hamoa 2022

It was all smiles when Mrs Dzadya and her Social Studies classes (9S and 7O) ended the Samoan Language Week with a big celebration of cooking cultural food in D Block! The students were excited, not only to learn about Samoan language, but also Samoan food recipes and cooking methods. This fitted well with the 'cultural diversity' unit they are currently doing.

7O took their 'Garden to Table' programme marketing skills to practice and their kale and mango smoothie and Samoan fried bread became favourite products of the day.

Students showed great passion in learning and embracing the colourful Samoan culture. The food was sold at lunch time, raising an unexpected figure within a short time. The money went to the 'Garden to Table' programme fundraising pocket, pioneered by 7O. It was a great experience for both classes, integrating Science and Social Studies, bringing two different year levels together to work for a common goal.

Ehara taku toa i te toa taki tahi engari Ko te toa taku tini! (My strength is not that of an individual but that of the collective). Fa' afetai tele lava! (Thank you very much!)

Cross Country 2022

Whakawhiti Whenua 2022

This month we had our 2022 Cross Country and it was awesome to see students getting involved and earning some house points! Congratulations to Tangaroa who placed first with 1250 points! Well done to Tane Mahuta who placed second with 1196 points, Tawhirimatea who placed third with 1195 points and Ruauumoko who placed fourth with 924 points. It turned out a beautiful day for it and the recent rain had made the swampy areas very boggy!

A special well done to all our Cross Country Age Group Champs for 2022:

YEAR 7 GIRLS

1st - Charlize Sabine
2nd - Maryjane Davis
3rd - Leah Green

YEAR 7 BOYS

1st - Noah Otunuku
2nd - Liam Goodhand
3rd - MJ Holroyd

YEAR 8 GIRLS

1st - Danielle Claridge
2nd - Natasha Butler
3rd - Aylah Henderson

YEAR 8 BOYS

1st - Shaveen Kumar
2nd - Oli Goodhand
3rd - Cayden Taylor

JUNIOR GIRLS

1st - Hazel McMillan
2nd - Sophie Hall
3rd - Lauren Rowsell

JUNIOR BOYS

1st - Nian Van Loggerenberg
2nd - Strummer Archer
3rd - Caleb Quinlan

INTERMEDIATE GIRLS

1st - Gaia Bowers
2nd - Danelle Young
3rd - Jordyn Tuhiwai

INTERMEDIATE BOYS

1st - Joziah Otunuku
2nd - Whaitiri Preston
3rd - Aryan Kumar

SENIOR GIRLS

1st - Samantha Smith
2nd - Marisa Rowsell
3rd - Caitlin Lees

SENIOR BOYS

1st - Daniel Burrows-Chatwin
2nd - Kullen Montgomery
3rd - Brooklyn Murphy

Whare Netball Competition 2022 *Whakataetae Poitarawhiti Whare 2022*

During June some of our students competed in the Whare Netball Competition, hoping to earn some more points for their house! It was great to see so many students getting involved! After some close games and finals, we ended up with a first equal!

Congratulations to Tane Mahuta and Tawhirimatea who placed first equal with 29 points each. Well done to Ruaumoko who placed second with 15 points. Well done also to Tangaroa who placed third with 14 points.

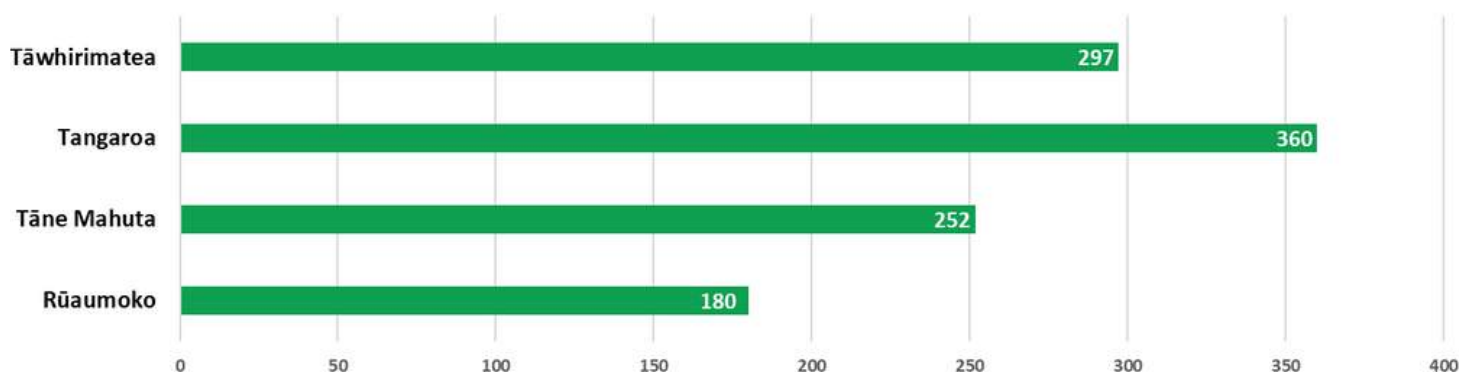

Whare Volleyball Competition 2022 *Whakataetae Poirewa Whare 2022*

At the start of June, some of our students also participated in our Whare Volleyball Competition during lunchtimes! Well done to Tangaroa who were named the champions for 2022! Tawhirimatea placed second, Ruaumoko placed third and Tane Mahuta placed fourth!

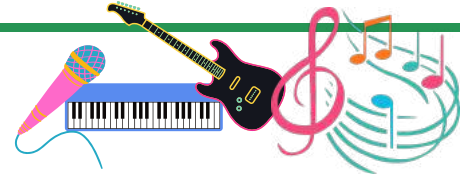

House Points Update 2022

*This includes Cross Country results, Whare Volleyball results and Whare Netball results

Music Concert (Matariki 2022) Konohete Waiata (Matariki 2022)

Our first Music Concert for 2022 was a great success! Held on Wednesday 29 June in our school Gymnasium, the audience enjoyed some amazing performances from our Music students! We have some real talent amongst our students and they shone like Matariki stars! Well done to all the students that performed (we know it can be very scary!) and we look forward to more Music Concerts in the future! *Full photos can be found on the Tuakau College Facebook page.*

Junior College Speech Finals 2022

Whakamutunga Korero o te Kaareti Teina 2022

On Wednesday 15 June our Year 7 and 8 speech finalists presented their speeches at the Junior College Speech Finals. They all spoke with confidence and passion and showcased their academic talent and emotions in front of a large audience.

In the Year 8 category, first place was awarded to Arviah Stewart for her speech about 'Are schools teaching us life skills?' Second equal went to Oliver Goodhand for his speech about 'why cell phones should be banned at school' and Logan Welch for his speech on 'Inflation.' Rafael Tonga-Awhikau was awarded a Commendation for his speech titled 'Do you understand what a 'haka' is?'

In the Year 7 category, first place was awarded to Ava Wilson for her speech about 'Why we should not believe everything we see on the Internet.' Second place went to Louise Mosheim for her speech about 'NATO' and a Commendation was awarded to Millie Calder for her speech titled 'Never underestimate women!'

Arviah Stewart and Ava Wilson will represent our kura at the Franklin Speech Finals next week!

VAPING

Vaping is the act of heating a liquid, then inhaling and exhaling an aerosol (often referred to as vapour) from an electronic vaporiser device. Principals and teachers continue to be alarmed at the growing number of students who vape.

The aerosol or 'vapour' that is produced from these devices is created through heating a 'juice' or e-liquid inside a cartridge within the device. The 'juice' generally contains a propylene glycol or vegetable glycerine base, and also usually contains flavourings (many juices also have nicotine). Once heated, this juice is transformed into an aerosol which is inhaled from the device then exhaled, giving the appearance of smoke or 'vape clouds.'

These come in many forms such as e-cigs, vape pens, pods, pipes, and tanks (also known as 'mods' which can be customised by the user). Scientists, doctors, and the vaping industry are still learning about the health effects of vaping.

This means that there's still a lot that we don't know about vaping, and the risk to your health. **Smoking cigarettes was considered 'safe' in the 50's, and look how that turned out.** Essentially, the long-term effects are still largely unknown, but here's what we know so far:

1 INHALING THE UNKNOWN

E-cigarette and vaping aerosol generally contain fewer harmful chemicals than the smoke from traditional tobacco cigarettes. However, some e-cigarette aerosols contain tiny particles that reach deep into the lungs. These particles may have chemicals in them that irritate the lungs. Over time, these chemicals can potentially cause cancer, increase inflammation in the lung and lead to other lung diseases. Young people are especially at risk. Putting weird unknown chemicals into your body at this stage is even worse than it is for adults, because you're still developing. We know there are physical effects from smoking as a teen, so who knows how vaping as a teenager could affect your body?

2 HAZARDOUS CHEMICALS

The liquids in vapes, by the way, can sometimes burn skin just through contact. They can also rapidly cause nicotine poisoning if swallowed. Now, you're probably not going to drink it, but a baby brother or sister might, and it could literally (yes, LITERALLY) kill them. Vape devices also, if modified incorrectly, can explode. Yes it's happened, and it's not pretty.

3 E-CIGARETTE, OR VAPING PRODUCT USE ASSOCIATED LUNG INJURY (EVALI)

Vape use has been linked to severe lung disease (EVALI) that has led to hospitalisations in more than 2500 people across the United States, with over 60 reported deaths. Some cases of EVALI included teenagers and young adults using vapes that contained cannabis (tetrahydrocannabinol, THC) or Vitamin E oil. The highest risk seemed to be from vapes obtained from the illicit market. Vaping, and second hand vape, can also impact on other respiratory conditions such as asthma, and have been found to increase coughing and worsen asthma symptoms, especially among young people.

4 VAPING AND YOUR HEART

Vaping and e-cigarettes can raise your blood pressure, heart rate, and can change your hearts function.

At Tuakau College, vaping is treated the same as smoking (including on school buses). The consequences are therefore as follows:

- **FIRST OFFENCE:** After School Detention
- **SECOND OFFENCE:** Meeting with Parents and After School Detention
- **THIRD OFFENCE:** Community Service
- **FOURTH OFFENCE:** Treated as 'Continual Disobedience' and therefore a stand-down

Heavy metal belongs in your ears, not your lungs

#DONTGETSUCKEDIN

Just because your friends say it's safe doesn't mean it is...

#DONTGETSUCKEDIN

Do you smoke or vape?

Smoking and vaping make it harder for your body to fight disease because it:

Damages your lungs.

Harms your immune system.

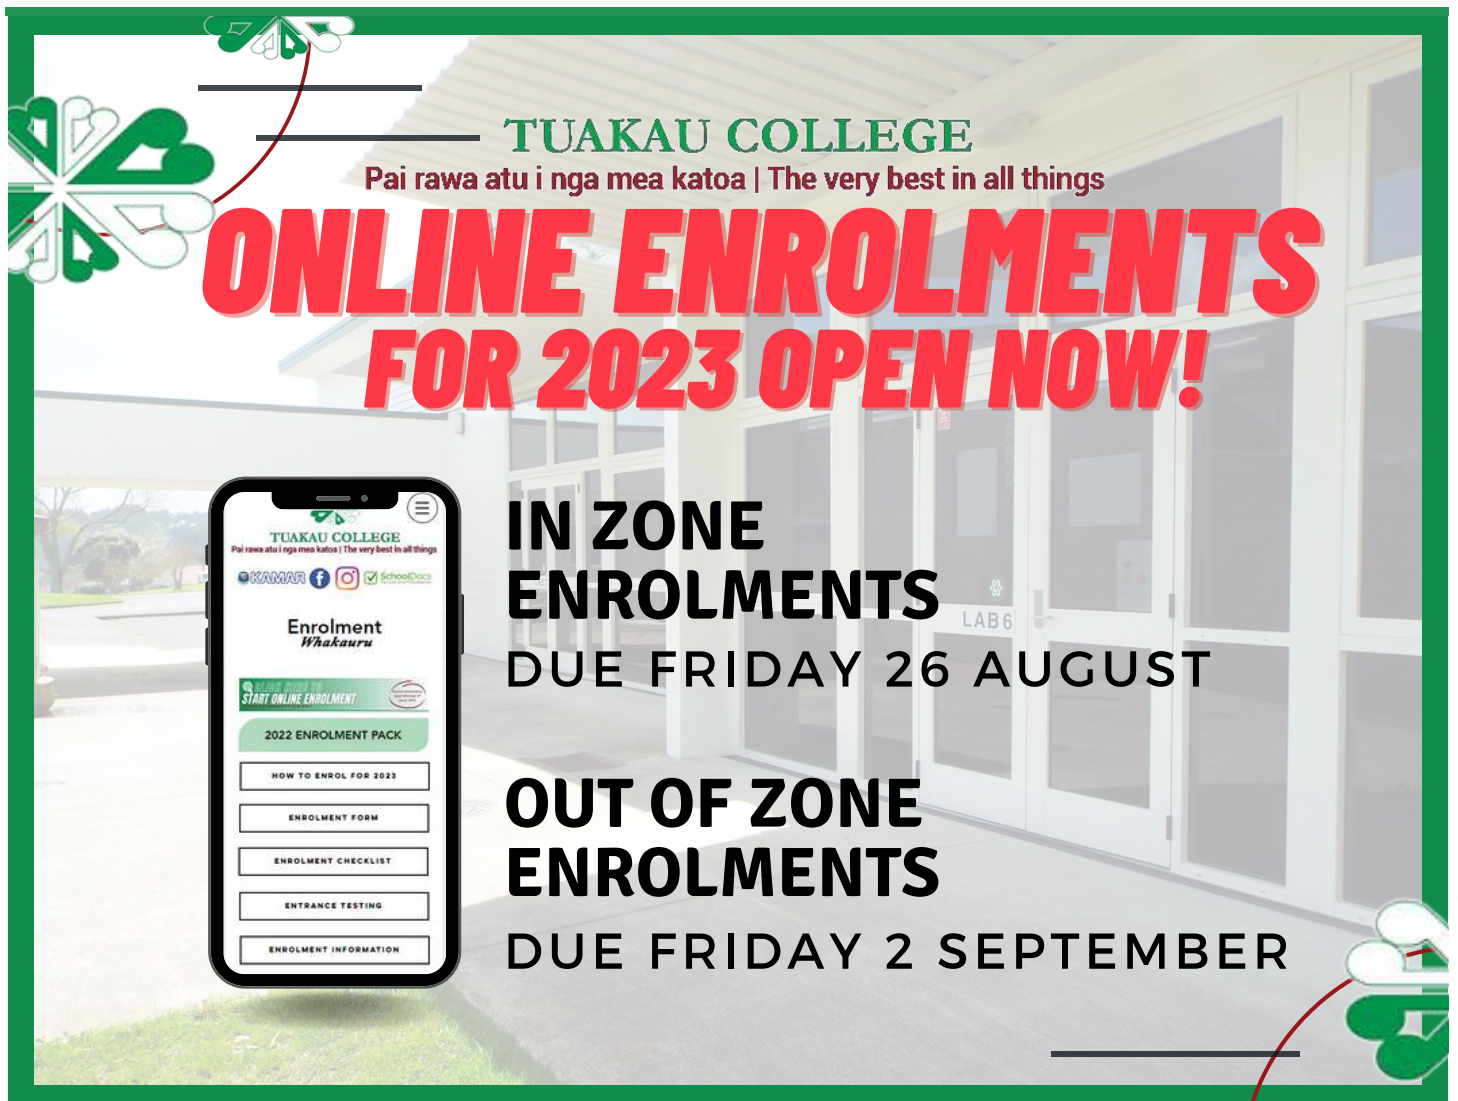

You may be at higher risk of a severe COVID-19 infection.

Reduce your risk of a severe illness.

Quit smoking or vaping to keep your lungs and immune system healthy.

Give your lungs a fighting chance!

Social Sciences.....

FEATURE

Whakaaturanga Whakaaturanga Tikanga a-iwi

A word from Mr. Kumar (Head of Social Sciences):

Kia Orana and Happy Matariki to all of you! It has been a challenging past two years for everyone - our tamariki, our teaching staff, our whānau, local community and the nation - with unexpected disruptions caused by this global pandemic and now the increasing cost of living, extremely high inflation and unemployment rates. However, the determination and resilience of the students and teachers has not stopped, to work towards those higher achievement levels.

This year, I have the privilege to work with a fully staffed, well trained and experienced team of Social Studies teachers. At the beginning of this year, were delighted to welcome our newest and youngest team member, Miss Colmer, who has injected the department with her knowledge and skills!

In 2021, the Social Sciences department attained very good results in NCEA examinations and we still maintain the goal of attaining a 90-100 per cent pass rate in all our subject areas in 2022. There is a little bit of disappointment this year over the declining number of students in Geography and History across all the year levels. These, being very academic subjects, demand a high level of literacy and numeracy skills.

We have implemented a range of teaching strategies, in and out of classroom, to meet the current expectations, needs and demands for our students. Google Classroom, ZOOM Meetings, field trips and studies are just a few methods used by all in the department. Our main goal for this academic year is to enhance our pass rates, as well as subject endorsement rates. The department is currently going through the NZ Histories Curriculum to revise the Social Studies units of work in Years 9 and 10, incorporating local history and case studies.

Mr. Kumar

Meet the Social Sciences Teachers

Tutaki ki nga Kaiako Tikanga A-hapori

Mr D Kumar

Head of Social Sciences
(Year 10 Social Studies,
NCEA Level 1 - 3
Geography)

Kia ora all. This is my twentieth year at Tuakau College, from being a day-to-day Relief teacher in 2003, LTR for a year as a Mathematics and Science teacher, to becoming the HLA Social Sciences in 2009. This year I am teaching Year 13 Geography, Year 12 Geography, Year 11 Geography, 10N and 10Q Social Studies. I enjoy a wide range of sporting activities such as playing cricket and soccer, watching rugby (local and international), hiking and traveling with my family.

I am proud of the achievements that I see in our students - whether it be academically or in any extra-curricular activities. I feel proud to be a member of Tuakau College! Currently, I am also in charge of Tuakau College's Interact Club (a youth wing of the Tuakau Rotary), who have recently completed one of the Rotary initiated projects - Trees for Survival - and are looking forward to another conservation project at Sunset Beach, Port Waikato soon. The department also supported the 'Garden to Table' project and hope to take on board a more active role in the future.

Meet the Social Sciences Teachers

Tutaki ki nga Kaiako Tikanga A-hapori

Mr I Deo

*Year 9 and 10 Social
Studies, NCEA Level 3
Tourism*

I migrated to Aotearoa in 2018. This is my 38th year in the teaching profession. I was born in a village that is well-known to have a floating island.

Yes! There in a small lake in Lagalaga, there is a tiny island that floats and is about 80 square metres in area.

I love classical Hindi music and now I am learning to play harmonium.

My whaanau is everything to me and my one year old husky, Arya, is the centre of attraction in my house! Arya will most probably be the first one to greet if you ever visit us in Papakura.

Mr J Everitt

*Year 9 and 10 Social
Studies, NCEA Level 1 - 3
History, VC History*

Within History, which I teach here at Tuakau College, my main areas of interest are 20th century political history, and race relations in New Zealand in the 19th century. These are vitally important areas of our history for students to learn about in order to understand who we are as a nation.

I received my Bachelor's degree from the University of Waikato, where my majors were political science and philosophy.

I received my secondary teaching qualification from Massey University.

Outside of my subject area my primary interests are skiing, board games, hiking and politics. I only drink loose leaf tea.

Miss A Colmer

*Year 9 and 10 Social
Studies, NCEA Level 2
Tourism*

Kia ora! I am Miss Colmer and I teach Social Science, Geography and Tourism. This is my first year teaching at Tuakau College and I am teaching junior Social Science and Year 12 Tourism here.

My favourite thing about these subjects is that they are all relevant to everyday life. They give Aakonga an opportunity to develop a deeper understanding of people, the physical environment and places.

I am passionate about empowering students to be leaders in their own education and inspiring them to think critically about social and environmental issues.

I am really enjoying getting to know all of the incredible Aakonga at Tuakau College and look forward to seeing what they will achieve in the future!

Year 11 Geography Trip to Martha Mine, Waihi *Tau 11 Te Haerenga Matawhenua ki Martha Mine, Waihi*

The Year 11 Geography students have been studying sustainability and went on a field trip to the Martha Mine in Waihi, to learn more about the effects of mining in regards to sustainability.

The tour guide, Mr Phil Salmon, took the students up to the open mine rim where he taught them about future projects and what they have done to ensure the sustainability of the mine.

He then took them to the mill site where students got to hold real gold and learn about the crushing process and what the tailings are used for! Some great real-life learning that will help the students to complete their assessment!

VISION:
Tuakau College prepares students for life through a quality education promoting excellence in all things.

STRATEGIC GOALS: TUAKAU COLLEGE WILL:

Maximize opportunities for student achievement.

Lead development in local education in a continuously changing world.

Be the heart of the community where everyone wants to be.

EXCELLENCE
Tino pai rawa
Pai rawa atu i nga mea katoa.
The very best in all things.

PERSEVERANCE
U tonutanga
Kaua e mate wheke mate ururoa.
Don't give up like an octopus but fight like a hammerhead shark.

INTEGRITY
Ngakau Tapatahi
Kaua e takahia te mana o te tangata.
Do not trample on the mana of the people.

CARING • LOVE • RESPECT
Manaaki • Aroha • Whakaute
He aha te mea nui? He tangata.
He tangata he tangata.
What is the greatest thing? It is people. It is people, it is people, it is people.

BUSINESS STUDIES FEATURE

Whakaaturanga Akoranga Pakihi

At Tuakau College the Middle College students are given the option of studying Business Studies as part of their 'option' subject choices. At Year 11 this splits into Accounting and Economics, for the senior college years. The Head of Business Studies/Accounting/Economics is Mrs Simpson.

Year 11 Economics Trip to Pukekohe Cosmopolitan Club and TenPin Bowling ***Tau 11 Ohaoha Haerenga ki Pukekohe Cosmopolitan Club me TenPin Bowling***

On Wednesday 25 June, our Year 11 Economics class took a trip to the Pukekohe Cosmopolitan Club to investigate interdependence between sectors of the economy - to study how the economy runs and how businesses have a two-way reliance (interdependence) with each other.

A big thank you to Karen Watson (Pukekohe Cosmopolitan Club) and Sue Moselen (Pukekohe Ten Pin Bowling Co-ordinator) for helping us investigate this, and allowing us to gain understanding of how the cost of living crisis, the housing boom in Franklin and supply chain interruptions have affected their business!

Robert Davies (Year 11 Economics student)

HEALTH CENTRE *Tari Hauora*

It has been predicted that this winter will be the worst yet for 'flu' infections, alongside a surge in COVID-19 infections. Please keep yourself safe by wearing masks outside of your home, get vaccinated and stay home if unwell.

Please do not send students to school who have any respiratory symptoms, as we will only have to send them home.

We appreciate your help in this and hope you all stay healthy and well!

Alison Robertson (School Nurse)

Phone: 09 236 8521 ext 119

Year 9 Science Trip to Owl Farm, Cambridge *Tau 9 Haerenga Putaiao ki Owl Farm, Cambridge*

Last month some of our Year 9 Science students visited Owl Farm in Cambridge. They learned about sustainable agriculture, dairy farming, pasture and soil science, animal behaviour and farm technology, as well as careers and opportunities in agriculture. It was a fabulous day enjoyed by everybody, with lots of knowledge gained.

Areeya's success at NZMSM Counties Music Competition

Ko te angitu a Areeya i te Whakataetae Waiata a NZMSM Counties

Areeya Bernabe, a Year 9 student at Tuakau College, recently competed at the NZ Modern School of Music (NZMSM) Counties Music Competition and achieved some fantastic results! She won four gold medals in four different categories and also a bronze medal.

Areeya also won the Davies Cup for Guitar (14 years and under), the Music Mania Trophy for 'Sing and Strum' (13 years and over) and the Peter Reid Shield for most points in all Guitar classes!

A fantastic result for Areeya, especially as she was competing against older and more experienced competitors!

SchoolDocs (Planning, Policies and Procedures)

SchoolDocs (Whakamaherehere, Kaupapahere me nga Tikanga)

All Tuakau College school policies, documents and information can be found on our 'SchoolDocs' page. This can be found under the 'Board' tab on the Tuakau College website, on the 'Planning, Policies and Procedures' page (www.tuakaucollege.com/planning-policies-and-procedures).

Once you click on the link to the 'SchoolDocs' page it will take you to a log in screen. The username and password are provided on our school webpage. (Username - tuakaucollege, Password - excellence)

WHAT IS SCHOOLDOCS?

SchoolDocs provides a comprehensive core set of policies and procedures applicable to all New Zealand primary, intermediate, secondary and area/composite schools, that is tailored for each school. SchoolDocs regularly updates, modifies and creates policies in response to changes in legislation or Ministry guidelines, significant events, reviews/requests from schools and regular reviewing from the SchoolDocs team.

WHO CAN ACCESS SCHOOLDOCS?

Any parent/caregiver, etc. can access our SchoolDocs page using the log in details provided above and on our website. Parents/caregivers are able to give feedback on policies and procedures on SchoolDocs, which we will then take in to consideration.

HELP US REVIEW POLICIES!

The school community can assist us with the review of these policies by clicking on the 'Review' tab. This will take you to the Policies that are being reviewed. There is also a review schedule in this area.

If you cannot find a Policy, please email principal@tuakaucollege.com and if we have it we will send it to you. There are some Board Policies that need to be uploaded to SchoolDocs and this will be completed as soon as possible.
